SCHOOL CHILDREN TO NAME NEW CITY PARK

Why not let the school children of the city name one of the new parks? This is the question that has been asked with quite an amount of frequency during the present discussion of names for the city parks.

At the last meeting of the common council this body determined upon Lincoln and Washington as tentative names for the new parks. Ordinances naming them thus were passed on second reading and the passage deferred until the next meeting in order to give the public an opportunity to discuss the names.

And the public have not overlooked the opportunity. Considerable discussion has been heard on every hand in regard to the names, many favorable and others contrary.

The majority seemed to agree that Lincoln park was well named on account of it being situated along the Lincoln highway. Others raised the objection, which is very good, that many cities will be naming their new parks "Lincoln" if they lie along the highway and that this name would not be distinctive enough.

The objection to Washington park seems to be strong and unanimous. It will probably result in the naming of this park. This is the park that it has been suggested be named by the school children of the city. It has been suggested that these vote for any name they think desirable, every child in the city schools being given an opportunity to vote. Then the council or someone delegated by it would select the ten or any number of names receiving the highest number of votes and these would be again voted on. The one receiving the largest number being the name for the new park.

This is an ideal plan and it is believed that if the council carries it out it would meet with public approval and commendation.

EAST END TIGERS WIN FROM NORTH SIDERS

The East End Tigers defeated the North Side Colts in a game of football on the north side gridiron Sunday afternoon. The score was 18 to 7. Notwithstanding the inclement weather the game was thrilling throughout and a fair crowd saw the contest.

For the visitors touchdowns were made by Kyle, Martin and Snyder. Miller of the north siders secured a touchdown for his team and succeeded in kicking goal, despite the terrific wind that was raging. This game probably will close the football season here for this year.

RED CROSS SEALS BEING SOLD RAPIDLY

Many ladies did a very noble and charitable act, when on Saturday they were selling Red Cross Christmas seals, on the various streets of the city. It seems that there are many who do not understand what the stamps are sold for, and for that reason do not buy as they should.

It has been the custom of the woman's club for the last few years to use these stamps and the proceeds to be used for the anti-tuberculosis league. It is expected by the ladies that Mishawaka people will respond this year as they have in the past. The ladies are striving very hard to make this the banner year.

CITIZENS HERE NEED SHOP-EARLY ADVICES

Mishawaka merchants have remarked that the people of this city are taking heed of the many and varied advices to do their Christmas shopping early. They claim that their pre-Christmas sales are records for this early in December and that they believe that clerks will be relieved of much of the last hour rush this year. This fact is being heard by merchants in nearly every line of business, especially those who are selling the more popular "presents" given on Christmas day.

PARENTS OF A DAUGHTER.

A daughter arrived Sunday at the home of Mr. and Mrs. Henry de Craene, Milburn st.

SEVERE BLIZZARD DOES MUCH DAMAGE

The severest blizzard of the winter raged in Mishawaka Sunday. Commencing at a very early hour in the morning snow fell at a moderate rate until about 9 o'clock when the wind began to blow at a terrific pace. This kept up with short respite throughout the day. It was estimated that about six inches of snow had fallen by sunset.

The storm wrought havoc with the local telephone companies and seriously interfered with the street car service, both local and interurban. The cars for Elkhart were quite late especially late in the evening. The cars between here and South Bend ran late practically the entire day.

The streets were deserted and the local picture theaters sadly will be the effects of the inclement weather. The residents throughout the city seemed to appreciate the warmth of the indoors and few ventured out.

The day was a hard one for the proverbial "Weary Willies." Nearly a dozen of the homeless ones sought shelter at the police station. Farmers suffered greatly. Many of them who came to the city in the morning to church, when the storm had not reached its fury, had great difficulty in returning home. They also suffered on their farms as together with several in the city they will lose many small fruit trees which were ruthlessly blown down by the blizzard. Horses suffered greatly from the severe cold and biting winds. Lemeners of the city and telephone companies will probably be busy the entire forward part of the week repairing the wires which were blown down or disconnected. It is estimated that nearly a week until all damage is repaired by the many the storm has affected.

At the service of the First Presbyterian church, Rev. A. C. Ormond spoke on "The Mutual Helpfulness of Christians." His subject at the evening service was "The First Commandment." The chorus choir sang at both services.
